About us...

Carol & Art Landry have been training and teaching dog obedience since 1991. Their Dalmatians, Lady and Camel, received national ranking including a 'High In Trial' at the regional specialty. Their dogs have also received recognition as therapy animals. Carol and Art have been certified as evaluators for the American Kennel Club's Canine Good Citizen Program and often donate their services to local animal rescue organizations. Their passion, however, has been finding homes for ex-racing greyhounds which led them to form Tailwind Greyhound Adoption Program in 2001.

We offer overnight accommodations for dogs and cats, day camp for dogs, grooming services, training classes and provisions for your animals

Our goal is to offer a first rate facility with first rate care. Our dog pods are oversized and feature radiant heat in the floors. The entire facility has central air and we took great pains to set up air circulation systems that would keep our atmosphere fresh and clean. Our training and play room has a special sport floor that offers safety and comfort to the dogs during day camp and to our customers during training and play groups. Our cat room offers a special air recovery system to reduce and eliminate the chance of air-born illness.

We believe in treating your pets as well as you would at home and do not charge extra for giving special diets or medications.
